Store locked up. Store in corrosive resistant container with a resistant inner liner.

DISPOSAL:

Dispose of contents/container to comply with local/regional/national/international regulations.

For industrial and commercial use only.

For additional information, see Safety Data Sheet.

MELT DOWN is a powerful degreaser and carbon remover for use on ovens, grills, deep fryers, smokehouses, bakeware and food processing equipment. The powerful caustic formula softens and lifts tough deposits for easy removal.

DIRECTIONS:

Wear rubber gloves. If cleaning a gas oven, do not spray on pilot light. Spread newspaper under oven door. Clean oven racks separately. May be used in either warm (200°F) or cold empty oven. Spray oven surfaces from a distance of 9 to 12 inches. Allow gel to work 5 to 10 minutes on warm surfaces 10 to 20 minutes on cool surfaces.

Then wipe clean with a wet cloth, sponge or paper towels. Rinse oven thoroughly with potable water. For heavily encrusted areas, repeat application using steel wool or soap pad. Pre-heat oven for 10 minutes before next use.

For overnight cleaning, use only in a cold oven. Spray the oven surfaces and close the oven door and allow to stand overnight. Then wipe clean with a wet sponge. Rinse thoroughly with potable water.

WARNING:

This product can expose you to 2-ethoxyethanol, which is known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

NFPA® Ratings

Health: 2; Flammability: 0; Reactivity: 0
