**D'LOX JUST GO** is an advanced carpet spotter and stain eliminator formulated with the power of hydrogen peroxide. This advanced formula contains "oxgen-based" cleaners combined with special surfactants and selected anti-resoiling agents. These additives allow **D'LOX JUST GO** to dry to a tack-free residue to be easily vacuumed away. The anti-resoiling additives coat carpet fibers to prevent dirt from redepositing on recently cleaned areas without leaving a detectable feel or appearance.

## DIRECTIONS

Spray on stain or soil. With a clean dry cloth, work from the outside of the stain towards the middle in a circular motion. Allow to dry to an invisible powder, which may be vacuumed away at any time. Always test in an inconspicuous area before using.
