

QUICK FIX

QUICK FIX is a sulfuric acid drain cleaner with odor blanket. Because it's heavier than water, this remarkable drain cleaner rapidly sinks down pipes and zeros in on blockages. Once it reaches the clog, the sulfuric acid quickly generates heat to dissolve the clogs and blockages caused by grease, hair, and organic matter. Within 15 minutes the blocked pipes are cleared allowing wastewater to flow freely. So don't let clogs wreak havoc on your pipes, control them with QUICK FIX from Share.

DIRECTIONS

READ ALL DIRECTIONS AND WARNINGS BEFORE USE.

FOLLOW ALL DIRECTIONS EXACTLY. DO NOT use drain opener in or on aluminum, chrome, stainless steel, fiberglass, lead pipes or non-acid resistant enamel. Clean spills or drips immediately. Always close connecting drains when using drain opener. Avoid backups. Do not use plunger. Place a bucket or other large, deep container under drain before use. This product is inhibited against attacking most metals. Old piping systems may be porous and have defects that are sealed with accumulated organic matter. This product may expose these defects by attacking organic matter, as intended, and cause leaks.

USAGE AMOUNTS: For small drains, traps, waste lines: use 1 pint bottle. For 3-4 inch lines: use 2 pint bottles. For 6-8 inch lines: use 4 pint bottles and allow additional standing time. After 15 minutes standing time, slowly add 1 quart of cold water into drain opening and wait another 5 minutes. If line is clear, flush thoroughly with more cold water. Do not allow water to splash. Recommended dosage will open most lines, but if blockage persists, repeat dosage. Used as directed, drain opener will not harm drainage systems.

QUICK FIX

ACID DRAIN CLEANER WITH ODOR BLANKET

- **Concentrated sulfuric acid formulation.**
- **Available in a convenient pint size for single use application.**
- **Dissolves organic matter within 15 minutes.**
- **Includes special "odor blanket" to keep noxious odors from escaping.**

DANGER

May be corrosive to metals. Causes severe skin and eye damage. May cause cancer (dermal)

NET CONTENTS: 1 PINT (16 fl. oz.) (473 ml)
