DISPOSAL:

Offer empty container for recycling. If recycling is not available, discard container in trash.

For industrial and commercial use only.

For additional information, see Safety Data Sheet.

WARNING:

This product can expose you to diethanolamine, which is known to the State of California to cause cancer. For more information go to www.P65Warnings.ca.gov.

NFPA® RATINGS

Health: 0; Flammability: 0; Reactivity: 0

INGREDIENTS/CAS #:

Water (7732-18-5); Polydimethylsiloxane (63148-62-9); Mixture (Proprietary); Triethanolamine (102-71-6); Diethanolamine (111-42-2).

BUBBLE BUSTER is scientifically developed for preventing or suppressing foam in pesticide and fertilizer spray tanks. Direct addition to make-up tanks prevents the formation of foam and foam build-up.

DIRECTIONS FOR USE

SHAKE WELL BEFORE USING! **BUBBLE BUSTER** should be added to the solution in the mix tank before agitation or mixing and before the pesticide, fertilizer, or surfactants are mixed into the solution.

An initial addition of 1/2 ounce per 100 gallons of spray mixture will generally suppress foam. **BUBBLE BUSTER** may be diluted and used through a hand trigger sprayer and sprayed over any existing foam. A stronger solution may be needed when trying to prevent foam build-up in urea solutions.

Please Recycle.
